Speak out for your rights!

The Boston Center for Independent Living is a frontline civil rights organization led by people with disabilities that advocates to end discrimination, isolation, and segregation.

BCIL believes that people with disabilities must unite to speak out on issues such as housing, healthcare, ADA compliance, PCAs, and transportation access. Join our grassroots advocacy to make your voice heard and develop your leadership skills.

Some BCIL Advocacy Successes:
- We joined with Greater Boston Legal Services in an ADA suit against the MBTA, which resulted in a settlement producing over $500 million in T access improvements.
- We’ve repeatedly spoken out to protect the PCA program against budget cuts—it now serves 34,000 consumers!
- We helped develop the Community Based Housing program for people with disabilities who want to get out of nursing homes.
