Advocacy to Stop Bullying and Mobbing in Subsidized and Public Housing

Jerry Halberstadt, Coordinator, Stop Bullying Coalition
Mary Margaret Moore, IL Advocate
MA SILC Conference 9/27/2018

Based on the work and findings of the Bullying Commission, the Stop Bullying Coalition is working with our legislative partners to develop and introduce in 2019 a Stop Bullying Bill which will:

- Empower existing agencies to respond to complaints, investigate, and protect every victim from all forms of bullying.
- Create a hotline to receive complaints.
- Assure rapid response to investigate and protect.
- Asking assistance of Attorney General to take action against landlords that allow hostile environment harassment.

Signup for our newsletter and share with your networks and consumers.

Urge your consumers to reach out to their legislators. Legislators are eager to hear from you and your consumers and to enlist their help in stopping the bullying and mobbing in MA subsidized housing.

Questions? Suggestions? Ready to help? Can we help you?
